

GRANTS

NEPN/NSBA Code: DD RSU #78

The RSU #78 Board encourages the Superintendent/designees to pursue federal, state, foundation, corporate and other grants for the support of the schools and the enhancement of educational opportunities. The Superintendent is expected to be alert to potential sources of grant funding. All grant applications or proposals must be approved by the Superintendent prior to submission to the funding agency.

It is the policy of the RSU #78 Board to comply with all Federal and State requirements that may be a condition of receipt of grant funds.

When a grant application or proposal is presented to the Superintendent for approval, the Superintendent/designee will determine the availability of resources should matching funds be required; whether additional resources will be needed for continuation of the program when the grant expires; and measures that will be used to evaluate whether the objectives of the grant are being achieved.

Grant applications and proposals must be submitted to the building principal, and the Superintendent, for their approval.

Requests from PTO's and other school affiliated groups for the schools to apply for grant monies must be submitted to the Building Principal and the Superintendent.

All grant funds received will be deposited into District accounts. Applicable Federal and State regulations, Board policies and school unit administrative procedures regarding purchasing, contracting, expenditures, and accounting will be followed in the administration and monitoring of grant funds. Staff positions created through grant funding will be filled pursuant to Board policy.

Superintendent/designee may establish additional procedures for grant applicants, coordination of grant proposals, and for oversight and administration of grants received.

The Superintendent/designee will keep accurate records of all grant expenditures and will report annually on all grants received.
