## **Rangeley Lakes Regional School System-wide Goals**

- Goal 1: All teachers will utilize technology to advance student learning.
- Goal 2: Complete the curriculum alignment with the Common Core State Standards.
- Goal 3: Use assessment information as the driving force behind each student's individual needs.

## **PARENT INVOLVEMENT**

Parent involvement makes a big difference in students' academic success. Children's most important teachers are their parents. When schools and families work together by establishing relationships among families and staff, helping parents understand how the system works, and encouraging family-staff collaboration to improve student achievement, students do better in school. A home to school partnership can be established by:

- Attending Parent-Teacher conferences and parent meetings
- Attending Open House
- Attending math and literacy events
- Participating in school surveys
- Using school website
- Attending School Board Meetings
- Taking opportunities to volunteer, observe and participate in classroom activities
