Fee: \$1,300

## **FIREARMS**

Instructor: Sheriff Scott Nichols

The Wilton Fish & Game Association offers basic hand gun training for ages 21 years and older under the instruction of Sheriff Scott Nichols. Participating students will undergo four hour training at the Wilton Fish & Game location on Rt.2 in Wilton. Classes are held on Saturdays beginning in October through the month of May. There are no more than 15 students per class so there is adequate instruction per student. Participants are required to pre-register and pay a \$25.00 class fee to hold their spot. If you are a new shooter and are unsure about what to purchase, please call Sheriff Nichols at 207-778-2680. We have had too many new shooters arrive at class with a handgun recommended to them by either unscrupulous dealers or uninformed friends and end up very unhappy. The benefits of taking this class is that each participant will receive a certificate of training from the Sheriff's Office that can be used as proof of required training in order to obtain a concealed handgun permit. This certificate is recognized by the state because Sheriff Nichols is a certified firearms instructor through the Maine Criminal Justice Academy.

This is a wonderful opportunity to learn safe gun practices. Students must bring their own unloaded hand gun in a holster with at least 50 rounds of ammunition. Also remember to bring a belt for your holster and hearing and eye protection. No magnums are allowed on the indoor range.

Location: Wilton Fish & Game

Dates: Oct. 14, November 18 & December 16

Fee: \$25

## INSTANT PIANO FOR HOPELESSLY BUSY PEOPLE

Instructor: Craig Coffman

In just a few hours, you can learn enough secrets of the trade to give you years of musical enjoyment. Learn to play piano the way professionals do using chords. Since this class is being held on-line with ZOOM you will be able to sit at your piano or keyboard at home and take this course with no pressure at all. And since this course includes an on-line book and on-line follow-up video lessons, you will be able to continue your practice and study on your own. An optional periodic on-line question and answer session is also included. A recording of the class is included as well. The course is partly lecture/demonstration and partly hands-on instruction.

Topics include:

- How chords work in a song
- How to get more out of sheet music by reading less of it
- How to form the three main types of chords
- How to handle different keys and time signatures
- How to avoid “counting”
- How to simplify over 12,000 complex chords

Craig Coffman is an experienced piano and guitar instructor, professional pianist and music director. He has over 30 years experience teaching piano privately. His piano and guitar seminars, offered through community colleges and community education programs have been attended by over 30,000 students throughout Arizona, Minnesota, and various other states, including Maine for over the last 27 years. My name is Lisa Madore. Fourteen years ago I moved from South Carolina to Maine and was struggling with the transition; feeling hopeless and down. After about a year I met the faculty at Mt Blue Adult ED and my life changed for the better. They helped me with my struggles and encouraged me to push forward. I then went on to earn two associate degrees and a bachelor's degree. Now I am going for my master's degree; continuing in the field of social service, so I can then help people like Adult Ed has helped me. So, to Mt. Blue Adult Ed staff, thank you for making me feel that anything is possible. I am forever indebted.
